1. Background

Creative Europe brings together actions supporting the European cultural and creative sectors.

The general objectives of the Programme are:

- to safeguard, develop and promote European cultural and linguistic diversity and heritage;
- to increase the competitiveness and the economic potential of the cultural and creative sectors, in particular the audiovisual sector.

These goals are pursued through the following specific objectives:

- enhancing artistic and cultural cooperation at the European level, in order to support the creation of European works and strengthen the economic, social and external dimensions and innovation and mobility in Europe's cultural and creative sectors (CULTURE strand);
- promoting the competitiveness, scalability, cooperation, innovation, and sustainability, including through mobility in the European audiovisual sector (MEDIA strand);
- promoting policy cooperation and innovative actions supporting all strands of the Programme, promoting a diverse, independent and pluralistic media environment, and media literacy, thereby fostering freedom of artistic expression, intercultural dialogue and social inclusion (CROSS SECTORAL strand).

The general and specific objectives of the Programme take into account the dual nature of the cultural and creative sectors, recognising, on the one hand, the intrinsic and artistic value of culture and, on the other, the economic value of those sectors, including their broader contribution to growth and competitiveness, creativity and innovation. The objectives are pursued in a way that encourages inclusion, equality, diversity and participation, including, where appropriate, specific incentives that encourage the active participation in the cultural and creative sectors of people with disabilities, people belonging to minorities and people belonging to socially marginalised groups, including both the creative process and audience development; and gender equality, in particular as a driver of economic growth, innovation and creativity.

2. Objectives — Themes and priorities — Activities that can be funded — Expected impact

CREA-MEDIA-2022-FILMDIST— European Film Distribution

Objectives

Within the specific objective of promoting competitiveness, scalability, cooperation, innovation and sustainability, including through mobility, in the innovation, competitiveness and scalability of the European audiovisual sector, one of the priorities of the MEDIA strand is:

- to enhance the circulation, promotion, online and theatrical distribution of European audiovisual works, within the Union and internationally in the new digital environment; including through innovative business model.

Themes and priorities (scope)

The MEDIA strand shall provide support for the following measures:

- Support to international sales and circulation of non-national European works on all platforms (e.g. cinema theatres, online) targeting both small and large-sized productions, including through coordinated distribution strategies covering several countries and encouraging the use of subtitling, dubbing and where applicable, audio description tools.

The European Film Distribution support shall encourage and support the wider transnational distribution of recent European films by providing funds to distributors, based upon their performance on the market, for further reinvestment in the acquisition, promotion and distribution (including online) of recent non-national European films.

Activities that can be funded (scope)

There are two phases for the funded activities:

1. The generation of a potential fund, which will be attributed according to the performance of the company on the European market.
2. The implementation of the action - the potential fund thus generated by each company must be reinvested in:
 - the co-production of eligible non-national European films;
 - the acquisition of distribution rights, for example by means of minimum guarantees, of eligible non-national European films;
 - the promotion, marketing and advertising on the market of eligible non-national European films.

Expected impact

- Improvement in the trans-national distribution of recent non-national European films.
- Increase in the investment in the production, acquisition, promotion, theatrical and online distribution of non-national European films.
- Development of links between the production and distribution sector thus improving the competitive position of non-national European films.

3. Available budget

The available call budget is **EUR 33 000 000**.

Specific budget information per topic can be found in the table below.

Topic	Topic budget
1 — European Film Distribution	EUR 33 000 000

We reserve the right not to award all available funds, depending on the proposals received and the results of the evaluation.

6. Eligibility

Eligible participants (eligible countries)

In order to be eligible, the applicants (beneficiaries and affiliated entities) must:

- be legal entities (public or private bodies)
- be established in one of the eligible countries, i.e.:
 - Creative Europe Participating Countries:
 - EU Member States (including overseas countries and territories (OCTs))
 - non-EU countries:
 - listed EEA countries and countries associated to the Creative Europe Programme or countries which are in ongoing negotiations for an association agreement and where the agreement enters into force before grant signature ([list of participating countries](#))
- be established in one of the countries participating in the MEDIA strand of the Creative Europe Programme and owned directly or indirectly, wholly or by majority participation, by nationals from such countries. When a company is publicly listed, the location of the stock exchange will in principle determine its nationality
- be European companies active in the audiovisual sector as cinema / theatrical distributor involved in commercial activity designed to bring to the attention of a wide audience a film for the purpose of exploitation in cinema theatres. This shall be the principal activity of the company or division of the company.
 - The cinema / theatrical distributor shall fulfil the following criteria:
 1. be the holder of the theatrical distribution rights for the film in the country concerned;
 2. carry out the theatrical distribution of the film in the country concerned (determine the release date, plan, control and execute the distribution and promotion campaign);
 3. pay directly the associated distribution costs; and
 4. be registered and have theatrical distribution operations in the country concerned .

In the event that distribution activities are shared between several companies, the contracts/agreements between these companies must be provided. The company that will be considered as compliant is the one which meets all the criteria and actually executes the distribution of the film in the country in line with the above conditions. If tasks and/or responsibilities are so shared between different companies that it is impossible to assess a unique distributor for the film in a territory, the admissions of that film will not be eligible.

Distributors acting in different countries linked for distribution purposes (e.g. Belgium and Luxembourg; Greece and Cyprus) should only send one proposal and declare admissions and reinvestment in these different countries.

Beneficiaries and affiliated entities must register in the [Participant Register](#) — before submitting the proposal — and will have to be validated by the Central Validation Service (REA Validation). For the validation, they will be requested to upload documents showing legal status and origin.

Other entities may participate in other consortium roles, such as associated partners, subcontractors, third parties giving in-kind contributions, etc (*see section 13*).

Specific cases

Natural persons — Natural persons are NOT eligible (with the exception of self-employed persons, i.e. sole traders, where the company does not have legal personality separate from that of the natural person).

International organisations — International organisations are eligible. The rules on eligible countries do not apply to them.

Entities without legal personality — Entities which do not have legal personality under their national law may exceptionally participate, provided that their representatives have the capacity to undertake legal obligations on their behalf, and offer guarantees for the protection of the EU financial interests equivalent to that offered by legal persons³.

EU bodies — EU bodies (with the exception of the European Commission Joint Research Centre) can NOT be part of the consortium.

Associations and interest groupings — Entities composed of members may participate as 'sole beneficiaries' or 'beneficiaries without legal personality'⁴. ⚠ Please note that if the action will be implemented by the members, they should also participate (either as beneficiaries or as affiliated entities, otherwise their costs will NOT be eligible).

Countries currently negotiating association agreements — Beneficiaries from countries with ongoing negotiations (*see list above*) may participate in the call and can sign grants if the negotiations are concluded before grant signature (with retroactive effect, if provided in the agreement).

EU restrictive measures — Special rules apply for certain entities (*e.g. entities subject to [EU restrictive measures](#) under Article 29 of the Treaty on the European Union (TEU) and Article 215 of the Treaty on the Functioning of the EU (TFEU)*⁵ and entities

³ See Article 197(2)(c) EU Financial Regulation [2018/1046](#).

⁴ For the definitions, see Articles 187(2) and 197(2)(c) EU Financial Regulation [2018/1046](#).

⁵ Please note that the EU Official Journal contains the official list and, in case of conflict, its content prevails over that of the [EU Sanctions Map](#).

covered by Commission Guidelines No [2013/C 205/05](#)⁶). Such entities are not eligible to participate in any capacity, including as beneficiaries, affiliated entities, associated partners, subcontractors or recipients of financial support to third parties (if any).

 For more information, see [Rules for Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment](#).

Consortium composition

Only applications by single applicants are allowed (single beneficiaries).

Eligible activities

Eligibility of films

To generate the potential fund and to qualify for reinvestment measures, the film must comply with the following eligibility criteria:

- it must be a work of fiction (including animated films) or documentary, with a minimum duration of 60 minutes.
- it must have its first copyright established in 2015 at the earliest¹.
- it must not consist of alternative content (operas, concerts, performances, etc.), advertising, pornographic or racist material or advocate violence.
- it must be majority produced by a producer or producers established in the countries participating in the MEDIA strand. A minimum of 50% of the financing of the total estimated production budget must come from countries participating in the MEDIA strand and the production companies must be credited as such. To be considered as the actual producers the production companies must be credited as such. Elements such as opening credits, copyright appearing on the rolling credits, creative control, ownership of exploitation rights and share of profits may also be taken into account to determine who the actual producer is.
- it must be produced with the significant participation (as per the credits) of professionals who are nationals/residents of countries participating in the MEDIA strand and credited as such. 'Significant participation' is defined as having more than 50% of the points on the basis of the table below. The total can vary depending on the type of work (animation, documentary, fiction). When roles are shared, points are shared accordingly. In the event of a tie (i.e. where the points are equal for a given nationality) the nationality of the director (or the following talent in the list below) shall be decisive.
- European films will be considered as 'national' in that country participating in the MEDIA strand whose nationals /residents have participated in the highest proportion in the making of the film. This country is considered as the country of origin of the film for the purpose of the action. They will be considered as 'non-national' outside the country of origin.

Eligibility of paying admission tickets

The potential fund is proportional to the number of paying admission tickets sold for non-national European films in countries participating in the MEDIA Strand, up to a fixed eligible ceiling per film and adjusted for each country.

To be eligible, admissions must comply with the following criteria:

- they must be achieved between 1st January 2018 to 31st December 2021;
- a normal ticket price was actually paid to the relevant exhibitor (including any special offers or discounts) but explicitly excluding those admissions where no fee was paid;
- they must be clearly identifiable and certified by the national authority designated by the Member States;
- they must be declared by distributors who are eligible in the country;
- the films must be eligible non-national European films in the country of distribution;
- the film must have its first copyright established:
 - in 2015 at the earliest for admissions achieved between 1st January and 31st

December 2018

- in 2016 at the earliest for admissions achieved between 1st January and 31st December 2019
- in 2017 at the earliest for admissions achieved between 1st January and 31st December 2020
- in 2018 at the earliest for admissions achieved between 1st January and 31st December 2021

Group or club screenings where an individual ticket price is not levied, or where the price is far below the normal ticket price, will not be eligible.

- All admissions must be certified by the designated national authority. E-ticket admissions can be included, provided they are certified in the same way as theatrical admissions. It is the responsibility of the distributor to have its admissions certified by the submission date and in absence of certification, admissions will be ineligible.

Eligible activities are the ones set out in section 2 above.

There are two phases for the eligible activities:

PHASE 1 - Generation of a potential fund

A potential fund will be:

- attributed on the basis of the eligible admissions achieved by the European non-national films distributed by eligible distributors.
- based upon a coefficient per eligible admission according to the nationality of the film and the territory of distribution.
- available to distributors for further investments in eligible non-national European films.

Eligible admissions are generated by eligible non-national European films:

- up to a maximum threshold per film and per distributor and
- with minimum availability thresholds per country of distribution .

The potential fund generated will include two parts:

Part 1 – Eligible admissions achieved in 2020 and 2021

The potential fund generated will be obtained by multiplying the number of eligible admissions achieved in both 2020 and 2021 by a coefficient per eligible admission. The eligible coefficient per admission is fixed according to the country of distribution and the nationality of the film.

Country of distribution	Nationality of the film		
	France	Germany, Spain, Italy	Other eligible countries
	2022 coefficient*	2022 coefficient*	2022 coefficient*
France, Germany, Italy,			

Spain	1,10	1,20	2,20
Austria, Belgium, Poland, The Netherlands	1,20	1,55	2,20
Czech Republic, Denmark, Finland, Greece, Hungary, Norway, Portugal, Sweden.	1,70	1,95	2,20
Other eligible countries	1,95	2,20	2,20

**Exceptionally, the coefficients have been adjusted for 2022 taking into account the impact of the Covid crisis in the business models of the European distributors.*

Part 2 – Eligible admissions achieved in 2018 and 2019

In addition to part 1, the potential fund generated will include 50% of the average of all eligible admissions achieved in 2018 and 2019 multiplied by the relevant coefficient detailed below per eligible admission. Part 2 is only available for admissions declared and approved in call for proposals EACEA/27/2018 and EACEA/22/2019.

Country of distribution	Nationality of the film (as per section "Eligibility")		
	France UK	Germany Spain Italy	Other eligible countries
Germany, Spain, France, Italy	0,45	0,50	0,90
Austria, Belgium, The Netherlands, Poland, UK	0,50	0,65	0,90
Czech Republic, Denmark, Finland, Greece, Hungary, Norway, Portugal, Sweden	0,70	0,80	0,90
Other eligible countries	0,80	0,90	0,90

UK films and films distributed in UK are eligible as UK was a MEDIA participating country in 2018 and 2019.

a) Maximum eligible threshold per film (number of admissions)

Cumulative maximum threshold of eligible admissions of eligible non-national European films.

Country of distribution	Maximum threshold (number of admissions)
Germany, Spain, France, Italy	300.000
Austria, Belgium, The Netherlands, Poland.	100.000
Czech Republic, Denmark, Finland, Greece, Hungary, Norway, Portugal, Sweden	75.000
Other eligible countries	16.000

b) Minimum number of eligible admissions to generate the fund

Films with less than 200 cumulative eligible admissions for a given year will not be eligible in the calculation of the potential fund generated for that specific year.

c) Minimum eligible availability threshold of the potential fund

One of the principal objectives of this call for proposals is to have a significant effect upon the marketing of European films. Thus, and for reasons of efficiency, minimum thresholds have been defined. Availability threshold means that in the event that the cumulative fund for a specific distributor does not reach the minimum threshold, the fund will not be available.

Country of distribution	Minimum availability threshold of the potential fund per distributor (in EUR)
Germany, Spain, France, Italy	30.000
Austria, Belgium, The Netherlands, Poland	15.000
Czech Republic, Denmark, Finland, Greece, Hungary, Norway, Portugal, Sweden	10.000
Albania, Bosnia & Herzegovina, Bulgaria, Croatia, Cyprus, Estonia, North Macedonia, Iceland, Ireland, Latvia, Lithuania, Luxemburg, Malta, Montenegro, Romania, Republic of Serbia, Slovakia, Slovenia, and any other new country participating to the programme.	5.000

d) Maximum eligible potential fund generated per distributor

The potential fund generated will not exceed 1.000.000 EUR per distributor.

Shall the sum of all generated funds exceed the available budget, the potential fund of each applicant will be reduced proportionally. This reduction will not affect the eligibility of the potential funds that are reduced below the minimum availability thresholds detailed above.

PHASE 2 – Eligible reinvestment activities

The reinvestment can be made on a maximum of 12 different eligible non-national films.

The films declared must comply with the criteria set out above relating to eligibility of films and must be non-national for the applicant.

Reinvestment on the same film in the different eligible activities detailed below is allowed.

Eligible activity 1: Investment in co-production

The co-production of eligible non-national European films (i.e. films not yet completed at the date of application for reinvestment).

Only the investments of the distributor in the co-production which are set out in the co-production contract signed with the producer and / or co-producer of the film will be eligible.

Eligible activity 2: Investment in acquisition of distribution rights

The acquisition of distribution rights, for example by means of minimum guarantees, of eligible non-national European films.

Only the Minimum Guarantee set out in the distribution contract signed within the eligibility period of the Grant Agreement with the producer or sales agent of the film will be eligible.

In case distribution rights are acquired by distributors for multiple territories and that the amount of the Minimum Guarantee is defined for all these territories. The Agency will only co-finance the Minimum Guarantee for the territory of the distributor concerned.

In case of a multi-territory acquisition by a distributor or by any related company, the amount of the eligible Minimum Guarantee will be reduced according to the shares per territory stipulated in the distribution agreement.

Eligible Activity 3: Promotion, marketing and advertising

- promotion, marketing and advertising of releases of eligible non-national European films
- optical and digital prints (digitisation and transcoding)
- booking and billing

Activity 1 and 2 combined are only eligible up to 75% of the total direct reinvestment budget. Therefore at least 25% must be reinvested in Activity 3: Releases of eligible films.

The above eligible activities 1, 2 and 3 cannot include personnel work and travel arrangements.

Projects must comply with EU policy interests and priorities

Financial support to third parties is not allowed.

Duration

Projects should not normally exceed 24 months (extensions are possible, if duly justified and through an amendment).

Ethics

Projects must comply with:

- highest ethical standards and
- applicable EU, international and national law.

They may not include pornographic or racist material or advocate violence.

7. Financial and operational capacity and exclusion

Financial capacity

Applicants must have **stable and sufficient resources** to successfully implement the projects and contribute their share. Organisations participating in several projects must have sufficient capacity to implement all these projects.

The financial capacity check will be carried out on the basis of the documents you will be requested to upload in the [Participant Register](#) during grant preparation (e.g. profit

and loss account and balance sheet, business plan, audit report produced by an approved external auditor, certifying the accounts for the last closed financial year, etc). The analysis will be based on neutral financial indicators, but will also take into account other aspects, such as dependency on EU funding and deficit and revenue in previous years.

The check will normally be done for all beneficiaries, except:

- public bodies (entities established as public body under national law, including local, regional or national authorities) or international organisations
- entities active in cultural and creative sectors that have received over 50% of their annual revenue from public sources over the last two years
- if the individual requested grant amount is not more than EUR 60 000.

If needed, it may also be done for affiliated entities.

If we consider that your financial capacity is not satisfactory, we may require:

- further information
 - an enhanced financial responsibility regime, i.e. joint and several responsibility for all beneficiaries or joint and several liability of affiliated entities (*see below, section 10*)
 - prefinancing paid in instalments
 - (one or more) prefinancing guarantees (*see below, section 10*)
- or
- propose no prefinancing
 - request that you are replaced or, if needed, reject the entire proposal.

 For more information, see [Rules for Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment](#).

Operational capacity

Applicants must have the **know-how, qualifications** and **resources** to successfully implement the projects and contribute their share (including sufficient experience in projects of comparable size and nature).

This capacity will be assessed together with the 'Project Management' award criterion, on the basis of the competence and experience of the applicants and their project teams, including operational resources (human, technical and other) or, exceptionally, the measures proposed to obtain it by the time the task implementation starts.

If the evaluation of the award criterion is positive, the applicants are considered to have sufficient operational capacity.

Applicants will have to show their capacity via the following:

- general profiles (qualifications and experiences) of the staff responsible for managing and implementing the project
- description of the consortium participants

Additional supporting documents may be requested, if needed to confirm the operational capacity of any applicant.

Public bodies, Member State organisations, international organisations and entities active in cultural and creative sectors that have received over 50% of their annual revenue from public sources over the last two years are exempted from the operational capacity check.

Exclusion

Applicants which are subject to an **EU exclusion decision** or in one of the following **exclusion situations** that bar them from receiving EU funding can NOT participate⁷:

- bankruptcy, winding up, affairs administered by the courts, arrangement with creditors, suspended business activities or other similar procedures (including procedures for persons with unlimited liability for the applicant's debts)
- in breach of social security or tax obligations (including if done by persons with unlimited liability for the applicant's debts)
- guilty of grave professional misconduct⁸ (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- committed fraud, corruption, links to a criminal organisation, money laundering, terrorism-related crimes (including terrorism financing), child labour or human trafficking (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- shown significant deficiencies in complying with main obligations under an EU procurement contract, grant agreement, prize, expert contract, or similar (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- guilty of irregularities within the meaning of Article 1(2) of Regulation No [2988/95](#) (including if done by persons having powers of representation, decisionmaking- or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- created under a different jurisdiction with the intent to circumvent fiscal, social or other legal obligations in the country of origin or created another entity with this purpose (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant).

Applicants will also be refused if it turns out that⁹:

- during the award procedure they misrepresented information required as a condition for participating or failed to supply that information
- they were previously involved in the preparation of the call and this entails a distortion of competition that cannot be remedied otherwise (conflict of interest).

⁷ See Articles 136 and 141 of EU Financial Regulation [2018/1046](#).

⁸ Professional misconduct includes: violation of ethical standards of the profession, wrongful conduct with impact on professional credibility, false declarations/misrepresentation of information, participation in a cartel or other agreement distorting competition, violation of IPR, attempting to influence decision-making processes or obtain confidential information from public authorities to gain advantage.

⁹ See Article 141 EU Financial Regulation [2018/1046](#).

8. Evaluation and award procedure

The proposals will have to follow the **standard submission and evaluation procedure** (one-stage submission + one-step evaluation).

An **evaluation committee** will assess all applications. Proposals will first be checked for formal requirements (admissibility, and eligibility, *see sections 5 and 6*). Proposals found admissible and eligible will be evaluated (for each topic) against the operational capacity and award criteria (*see sections 7 and 9*) and then ranked according to their scores.

For proposals with the same score (within a topic) a **priority order** will be determined according to the following approach:

Successively for every group of *ex aequo* proposals, starting with the highest scored group, and continuing in descending order:

The *ex aequo* proposals within the same topic will be prioritised according to the scores they have been awarded for the award criterion 'Relevance'.

All proposals will be informed about the evaluation result (**evaluation result letter**). Successful proposals will be invited for grant preparation; other ones will be put on the reserve list or rejected.

 No commitment for funding — Invitation to grant preparation does NOT constitute a formal commitment for funding. We will still need to make various legal checks before grant award: *legal entity validation, financial capacity, exclusion check, etc.*

Grant preparation will involve a dialogue in order to fine-tune technical or financial aspects of the project and may require extra information from your side. It may also include adjustments to the proposal to address recommendations of the evaluation committee or other concerns. Compliance will be a pre-condition for signing the grant.

If you believe that the evaluation procedure was flawed, you can submit a **complaint** (following the deadlines and procedures set out in the evaluation result letter). Please note that notifications which have not been opened within 10 days after sending are considered to have been accessed and that deadlines will be counted from opening/access (*see also [Funding & Tenders Portal Terms and Conditions](#)*). Please also be aware that for complaints submitted electronically, there may be character limitations.

9. Award criteria

The **award criteria** for this call are as follows:

1. Relevance (100 points)

Total cumulative Admissions 2018-2021	Score
200 to 30,000	70
30,001 to 70,000	80
70,001 to 150,000	90
> 150,001	100

2. Quality of content and activities (n/a)

3. Dissemination (n/a)

4. Project management (n/a)

Maximum points: 100 points.

Overall threshold: 70 points.

Proposals that pass the individual thresholds AND the overall threshold will be considered for funding — within the limits of the available call budget. Other proposals will be rejected.

10. Legal and financial set-up of the Grant Agreements

If you pass evaluation, your project will be invited for grant preparation, where you will be asked to prepare the Grant Agreement together with the EU Project Officer.

This Grant Agreement will set the framework for your grant and its terms and conditions, in particular concerning deliverables, reporting and payments.

The Model Grant Agreement that will be used (and all other relevant templates and guidance documents) can be found on [Portal Reference Documents](#).

Starting date and project duration

The project starting date and duration will be fixed in the Grant Agreement (*Data Sheet, point 1*). Normally the starting date will be after grant signature. Retroactive application can be granted exceptionally for duly justified reasons — but never earlier than the proposal submission date.

Project duration: 24 months (extensions are possible, if duly justified and through an amendment).

Milestones and deliverables

The milestones and deliverables for each project will be managed through the Portal Grant Management System and will be reflected in Annex 1 of the Grant Agreement.

The project activities must be organised in the following work package:

- WP 1 – Reinvestment activity plan (mandatory)

This single work package should cover the whole reinvestment activity to be carried out within the action's period.

Form of grant, funding rate and maximum grant amount

The grant parameters (*maximum grant amount, funding rate, total eligible costs, etc*) will be fixed in the Grant Agreement (*Data Sheet, point 3 and art 5*).

Project budget (maximum grant amount): EUR 1 000 000 per project. The grant awarded may be lower than the amount requested.

The grant will be a budget-based (actual costs, with unit cost and flat-rate elements). This means that it will reimburse ONLY certain types of costs (eligible costs) and costs that were *actually* incurred for your project (NOT the *budgeted* costs). For unit costs and flat-rates, you can charge the amounts calculated as explained in the Grant Agreement (*see art 6 and Annex 2 and 2a*).

The costs will be reimbursed at the funding rate fixed in the Grant Agreement (**70%**).

Grants may NOT produce a profit (i.e. surplus of revenues + EU grant over costs). For-profit organisations must declare their revenues and, if there is a profit, we will deduct it from the final grant amount (*see art 22.3*).

Moreover, please be aware that the final grant amount may be reduced in case of non-compliance with the Grant Agreement (*e.g. improper implementation, breach of obligations, etc*).

Budget categories and cost eligibility rules

The budget categories and cost eligibility rules are fixed in the Grant Agreement (*Data Sheet, point 3, art 6 and Annex 2*).

The eligible activities cannot include personnel work and travel arrangements

- A. Personnel costs: Not applicable
- B. Subcontracting costs
- C. Purchase costs
 - C.1 Travel and subsistence: not applicable
 - C.2 Equipment
 - C.3 Other goods, works and services
- D. Other cost categories: Not applicable
- E. Indirect costs

Specific cost eligibility conditions for this call:

- other cost categories:
 - costs for financial support to third parties: not allowed
- indirect cost flat-rate: 7% of the eligible direct costs (categories A-D, except volunteers costs and exempted specific cost categories, if any)
- VAT: non-deductible VAT is eligible (but please note that since 2013 VAT paid by beneficiaries that are public bodies acting as public authority is NOT eligible)
- divers:

¹⁰ Commission [Decision](#) of 20 October 2020 authorising the use of unit costs for the personnel costs of the owners of small and medium-sized enterprises and beneficiaries that are natural persons not receiving a salary for the work carried out by themselves under an action or work programme (C(2020)7715).

¹¹ Commission [Decision](#) of 10 April 2019 authorising the use of unit costs for declaring personnel costs for the work carried out by volunteers under an action or a work programme (C(2019)2646).

¹² Commission [Decision](#) of 12 January 2021 authorising the use of unit costs for travel, accommodation and subsistence costs under an action or work programme under the 2021-2027 multi-annual financial framework (C(2021)35).

- in-kind contributions for free are allowed, but cost-neutral, i.e. cannot be declared as cost
- other ineligible costs: No

Reporting and payment arrangements

The reporting and payment arrangements are fixed in the Grant Agreement (*Data Sheet, point 4 and art 21 and 22*).

After grant signature, you will normally receive a **prefinancing** to start working on the project (float of normally **70%** of the maximum grant amount; exceptionally less or no prefinancing). The prefinancing will be paid 30 days from entry into force/financial guarantee (if required) — whichever is the latest.

There will be no **interim payments**.

Payment of the balance: At the end of the project, we will calculate your final grant amount. If the total of earlier payments is higher than the final grant amount, we will ask you (your coordinator) to pay back the difference (recovery).

All payments will be made to the coordinator.

 Please be aware that payments will be automatically lowered if one of your consortium members has outstanding debts towards the EU (granting authority or other EU bodies). Such debts will be offset by us — in line with the conditions set out in the Grant Agreement (see *art 22*).

Please also note that you are responsible for keeping records on all the work done and the costs declared.

Prefinancing guarantees

If a prefinancing guarantee is required, it will be fixed in the Grant Agreement (*Data Sheet, point 4*). The amount will be set during grant preparation and it will normally be equal to or lower than the prefinancing for your grant.

The guarantee should be in euro and issued by an approved bank/financial institution established in an EU Member State. If you are established in a non-EU country and would like to provide a guarantee from a bank/financial institution in your country, please contact us (this may be exceptionally accepted, if it offers equivalent security).

Amounts blocked in bank accounts will NOT be accepted as financial guarantees.

Prefinancing guarantees are formally NOT linked to individual consortium members, which means that you are free to organise how to provide the guarantee amount (*by one or several beneficiaries, for the overall amount or several guarantees for partial amounts, by the beneficiary concerned or by another beneficiary, etc*). It is however important that the requested amount is covered and that the guarantee(s) are sent to us in time to make the prefinancing (scanned copy via Portal AND original by post).

If agreed with us, the bank guarantee may be replaced by a guarantee from a third party.

The guarantee will be released at the end of the grant, in accordance with the conditions laid down in the Grant Agreement.

Certificates

Depending on the type of action, size of grant amount and type of beneficiaries, you may be requested to submit different certificates. The types, schedules and thresholds for each certificate are fixed in the Grant Agreement (*Data Sheet, point 4 and art 24*).

Liability regime for recoveries

The liability regime for recoveries will be fixed in the Grant Agreement (*Data Sheet point 4.4 and art 22*).

For beneficiaries, it is one of the following:

- limited joint and several liability with individual ceilings — *each beneficiary up to their maximum grant amount*
- unconditional joint and several liability — *each beneficiary up to the maximum grant amount for the action*
- or
- individual financial responsibility — *each beneficiary only for their own debts*.

In addition, the granting authority may require joint and several liability of affiliated entities (with their beneficiary).

Provisions concerning the project implementation

IPR rules: *see Model Grant Agreement (art 16 and Annex 5)*:

- different rights of use of the granting authority on materials, documents and information received for policy, information, communication, dissemination and publicity purposes: Yes

Communication, dissemination and visibility of funding: *see Model Grant Agreement (art 17 and Annex 5)*:

- additional communication and dissemination activities: Yes
- special logos: Yes

Specific rules for carrying out the action: *see Model Grant Agreement (art 18 and Annex 5)*: n/a

Other specificities

n/a

Non-compliance and breach of contract

The Grant Agreement (chapter 5) provides for the measures we may take in case of breach of contract (and other non-compliance issues).

For more information, see [AGA — Annotated Grant Agreement](#).

11. How to submit an application

All proposals must be submitted directly online via the Funding & Tenders Portal Electronic Submission System. Paper applications are NOT accepted.

Submission is a **2-step process**:

a) create a user account and register your organisation

To use the Submission System (the only way to apply), all participants need to [create an EU Login user account](#).

Once you have an EULogin account, you can [register your organisation](#) in the Participant Register. When your registration is finalised, you will receive a 9-digit participant identification code (PIC).

b) submit the proposal

Access the Electronic Submission System via the Topic page in the [Search Funding & Tenders](#) section (or, for calls sent by invitation to submit a proposal, through the link provided in the invitation letter).

Submit your proposal in 4 parts, as follows:

- Part A includes administrative information about the applicant organisations (future coordinator, beneficiaries, affiliated entities and associated partners) and the summarised budget for the proposal. Fill it in directly online
- Part B (description of the action) covers the technical content of the proposal. Download the mandatory word template from the Submission System, fill it in and upload it as a PDF file
- Part C containing additional project data. To be filled in directly online.
- Annexes (*see section 5*). Upload them as PDF file (single or multiple depending on the slots). Excel upload is sometimes possible, depending on the file type.

The proposal must keep to the **page limits** (*see section 5*); excess pages will be disregarded.

Documents must be uploaded to the **right category** in the Submission System otherwise the proposal might be considered incomplete and thus inadmissible.

The proposal must be submitted **before the call deadline** (*see section 4*). After this deadline, the system is closed and proposals can no longer be submitted.

Once the proposal is submitted, you will receive a **confirmation e-mail** (with date and time of your application). If you do not receive this confirmation e-mail, it means your proposal has NOT been submitted. If you believe this is due to a fault in the Submission System, you should immediately file a complaint via the [IT Helpdesk webform](#), explaining the circumstances and attaching a copy of the proposal (and, if possible, screenshots to show what happened).

Details on processes and procedures are described in the [Online Manual](#). The Online Manual also contains the links to FAQs and detailed instructions regarding the Portal Electronic Exchange System.

12. Help

As far as possible, ***please try to find the answers you need yourself***, in this and the other documentation (we have limited resources for handling direct enquiries):

- [Online Manual](#)
- FAQs on the Topic page (for call-specific questions in open calls; not applicable for actions by invitation)

- [Portal FAQ](#) (for general questions).

Please also consult the Topic page regularly, since we will use it to publish call updates. (For invitations, we will contact you directly in case of a call update).

Contact

For individual questions on the Portal Submission System, please contact the [IT Helpdesk](#).

Non-IT related questions should be sent to the following email address: EACEA-FILM-DISTRIBUTION@ec.europa.eu.

Please indicate clearly the reference of the call and topic to which your question relates (*see cover page*).

13. Important

IMPORTANT

- **Don't wait until the end** — Complete your application sufficiently in advance of the deadline to avoid any last minute **technical problems**. Problems due to last minute submissions (*e.g. congestion, etc*) will be entirely at your risk. Call deadlines can NOT be extended.
- **Consult** the Portal Topic page regularly. We will use it to publish updates and additional information on the call (call and topic updates).
- **Funding & Tenders Portal Electronic Exchange System** — By submitting the application, all participants **accept** to use the electronic exchange system in accordance with the [Portal Terms & Conditions](#).
- **Registration** — Before submitting the application, all beneficiaries, affiliated entities and associated partners must be registered in the [Participant Register](#). The participant identification code (PIC) (one per participant) is mandatory for the Application Form.
- **Consortium roles**— When setting up your consortium, you should think of organisations that help you reach objectives and solve problems.

The roles should be attributed according to the level of participation in the project. Main participants should participate as **beneficiaries** or **affiliated entities**; other entities can participate as associated partners, subcontractors, third parties giving in-kind contributions. **Associated partners** and third parties giving in-kind contributions should bear their own costs (they will not become formal recipients of EU funding). **Subcontracting** should normally constitute a limited part and must be performed by third parties (not by one of the beneficiaries/affiliated entities). Subcontracting going beyond 30% of the total eligible costs must be justified in the application.

- **Coordinator** — In multi-beneficiary grants, the beneficiaries participate as consortium (group of beneficiaries). They will have to choose a coordinator, who will take care of the project management and coordination and will represent the consortium towards the granting authority. In mono-beneficiary grants, the single beneficiary will automatically be coordinator.
- **Affiliated entities** — Applicants may participate with affiliated entities (i.e. entities linked to a beneficiary which participate in the action with similar rights and obligations as the beneficiaries, but do not sign the grant and therefore do not become beneficiaries themselves). They will get a part of the grant money and must therefore comply with all the call conditions and be validated (just like beneficiaries); but they do not count towards the minimum eligibility criteria for consortium composition (if any).
- **Associated partners** — Applicants may participate with associated partners (i.e. partner organisations which participate in the action but without the right to get grant money). They participate without funding and therefore do not need to be validated.
- **Consortium agreement** — For practical and legal reasons it is recommended to set up internal arrangements that allow you to deal with exceptional or unforeseen circumstances (in all cases, even if not mandatory under the Grant Agreement). The consortium agreement also gives you the possibility to redistribute the grant money according to your own consortium-internal principles and parameters (for instance, one beneficiary can reattribute its grant money to another beneficiary). The consortium agreement thus allows you to customise the EU grant to the needs inside your consortium and can also help to protect you in case of disputes.

- **Balanced project budget** — Grant applications must ensure a balanced project budget and sufficient other resources to implement the project successfully (*e.g. own contributions, income generated by the action, financial contributions from third parties, etc*). You may be requested to lower your estimated costs, if they are ineligible (including excessive).
- **No-profit rule** — Grants may NOT give a profit (i.e. surplus of revenues + EU grant over costs). This will be checked at the end of the project.
- **No double funding** — There is a strict prohibition of double funding from the EU budget (except under EU Synergies actions). Outside such Synergies actions, any given action may receive only ONE grant from the EU budget and cost items may under NO circumstances declared to two different EU actions.
- **Completed/ongoing projects** — Proposals for projects that have already been completed will be rejected; proposals for projects that have already started will be assessed on a case-by-case basis (in this case, no costs can be reimbursed for activities that took place before the project starting date/proposal submission).
- **Combination with EU operating grants** — Combination with EU operating grants is possible, if the project remains outside the operating grant work programme and you make sure that cost items are clearly separated in your accounting and NOT declared twice (see [AGA — Annotated Model Grant Agreement, art 6.2.E](#)).
- **Multiple proposals** — Applicants cannot submit more than one proposal under this call. Multiple proposals will be rejected.
- **Resubmission** — Proposals may be changed and re-submitted until the deadline for submission.
- **Rejection** — By submitting the application, all applicants accept the call conditions set out in this Call Document (and the documents it refers to). Proposals that do not comply with all the call conditions will be **rejected**. This applies also to applicants: All applicants need to fulfil the criteria; if any one of them doesn't, they must be replaced or the entire proposal will be rejected.
- **Cancellation** — There may be circumstances which may require the cancellation of the call. In this case, you will be informed via a call or topic update. Please note that cancellations are without entitlement to compensation.
- **Language** — You can submit your proposal in any official EU language (project abstract/summary should however always be in English). For reasons of efficiency, we strongly advise you to use English for the entire application. If you need the call documentation in another official EU language, please submit a request within 10 days after call publication (for the contact information, see *section 12*).
- **Transparency** — In accordance with Article 38 of the [EU Financial Regulation](#), information about EU grants awarded is published each year on the [Europa website](#).

This includes:

- beneficiary names
- beneficiary addresses
- the purpose for which the grant was awarded
- the maximum amount awarded.

The publication can exceptionally be waived (on reasoned and duly substantiated request), if there is a risk that the disclosure could jeopardise your rights and freedoms under the EU Charter of Fundamental Rights or harm your commercial interests.

- **Data protection** — The submission of a proposal under this call involves the collection, use and processing of personal data. This data will be processed in accordance with the applicable legal framework. It will be processed solely for the purpose of evaluating your proposal, subsequent management of your grant and, if needed, programme monitoring, evaluation and communication. Details are explained in the [Funding & Tenders Portal Privacy Statement](#).
